

Have scooter

Will travel !

**Do you get bored just doing the shopping
on your scooter?**

**Would you like to join with others on Rambles
in the town and countryside ?**

**Then sign up with the 50+ scooter group
and we'll see what can be arranged.**

The 50+ Steering group is aware that there are many mobility scooter users in the area who only get out on them to do the shopping, walk the dog etc. and mostly on their own. There used to be scooter rambling groups in Sussex but some of these have folded so the 50+ Steering Group committee, three of whom use mobility scooters themselves, decided to try and arrange that small groups of users could get together sometimes for local "rambles" within the capacity of most scooters and their riders. These "rambles" would give the opportunity for scooter users to meet up and make new friends, and do local runs of interest and even to meet up and eat out in pubs and cafes or bring picnics in a friendly atmosphere.

Full details are yet to be arranged but if this interests you, please sign up on the forms provided and we will be arranging a "Scooter Meet" at St Richard's Church and Community Centre (or Hangleton Community Centre) to organise the group.

Two Committee members recently went on a trial run from the Downsman pub along the old Dyke Railway path and had refreshments at the Devil's Dyke Pup. A roughly 6 mile all round trip which took half a day and was extremely manageable and pleasant.

(A ramble with a now disbanded group)
